Re: Application for Change under Ground Water Certificate No. G3-26578C

Dear Ms. Ellerd:

In response to your request, you are hereby granted an extension to put the water to full beneficial use for the reason(s) below:

According to your request, development of the project has been slower than anticipated and you will need additional time to put water to full beneficial use. In review of your request for extension, it appears you have continued to make progress in putting the water to beneficial use. Your request is for a reasonable and short period of time. We will grant you an additional two years to complete your project and put the water to full use.

The new deadline to submit your *Proof of Appropriation of Water* is **January 1, 2018**.
